

FRIENDS OF THE EAST LONDON ZOO

Animal adoption scheme

All the animals in the zoo are available for adoption

- ◆ There is a set amount for each animal
- ◆ An adoption is valid for 1 (one) year and can be renewed each year

Once a person/business has adopted an animal they receive:-

- * An adoption certificate
- * A plaque is put up at the enclosure stating that the animal has been adopted.
- * They may name the animal
- * They are kept informed if the animal has a youngster.
- * They have the first option to adopt any young born to their adoptee.
- * If the animal happens to die, they are informed and may transfer the adoption to another animal of same value.
- * The animal may be used for any promotional activity (in the case of a company, provided it does not clash with zoo policy)

*** The animal remains in the zoo**

Many of the animals have been adopted, and it is our policy at the moment to ensure that an individual is only adopted by one adoptive parent at a time.

Please ask at the felzoo office if the animal you wish to adopt is available.
